Content Topics: Region VI Mega Conference

Reporting Information:

The Region VI Mega Conference took place December 2nd, 3rd and 4th of 2020. The conference was held virtually due to the restrictions associated with the COVID-19 pandemic. The NMHSA collaborated with the New Mexico Early Childhood Education and Care Department to utilize their meeting platform to present the conference. The NMHSA received support from the Regional Office to provide various

trainings for the participants. The NMHSA also contracted with a few trainers including Teachstone and Head Start University. There were a total of 570 participants. The conference generated \$60673.00 in revenue after all expenses were paid. A check will be cut for the regional office for 50% of the revenue which totals \$30,336.50.

Planning the conference was somewhat challenging as it was a new endeavor for the association, however, the association has a great team and the end result was a successful virtual conference, along with lessons learned that will help make the next virtual conference planning and implementation even smoother.

The NMHSA has had some correspondence with Oklahoma as they are the next state to sponsor the Region VI Mega Conference in 2021. Information was shared regarding the planning process and necessary platforms to conduct a virtual conference. In addition we were able to share lessons learned to help improve the process based on our newly acquired experience and feedback from the participants.

Board Action Items: N/A
